### **Aiconics**

Aiconics is a leading, low-cost source for electrical connector contact assembly and maintenance tools, connector grommet sealing plugs, and electrical pin and socket contacts.

### **Alpha Wire**

Alpha Wire engineers and manufactures wire and cables that excel in taming tough applications. From the harsh environment of a factory floor, to critical controls on an offshore oil rig, cables from Alpha Wire are working reliably day-in and day-out.

### **Avery Dennison**

For over 25 years, the Avery Dennison Fastener Division has developed innovative products and problem-specific fastening solutions. Avery Dennison's unique stretching process produces premium-quality, superior-performance cable ties for a wide range of applications.

### **Breyden Products, Inc.**

Breyden Products, Inc. is a leading manufacturer of military-specification lacing tapes, twines and cords as well as a broad range of sleeveings and braiding yarns. Breyden's product range allows them to serve the electric motor, transformer, aerospace, wire harnessing and cable manufacturing industries.

### **Cooper Bussman**

Cooper Bussmann manufactures and markets a wide variety of fuses for the electrical, electronics and transportation industries, plus inductors, transformers for power quality in electronic applications and industrial and mobile wireless solutions.

### **Electronic Hardware Corp.**

Electronic Hardware Corporation is a leading manufacturer of mil-spec knobs, pointers, and dials. Product offerings include aerospace plastic knobs, aircraft plastic knobs, instrument knobs, military knobs, consumer plastic knobs, control plastic knobs and push-on plastic knobs, and custom plastic knobs, among others.

### **Harbour Industries**

Since 1965, Harbour Industries has been manufacturing high temperature and high performance cable for the military, commercial, and industrial markets. Over the years, Harbour's reputation for quality, consistency, and a strong technical orientation has resulted in many new products and customers.

### Federal Mogul

Federal-Mogul Corporation is an innovative and diversified global supplier of quality products, trusted brands and creative solutions to manufacturers and distributors within the automotive, , power generation, aerospace, marine, rail and industrial industries.

### Hellerman Tyton

Hellermann Tyton is a leading, global manufacturer of systems and solutions which help world-class customers better manage and identify wire, cable, and components. Overall, Hellerman Tyton offers an integrated approach in the design, manufacturing, and delivery of its products which result in higher quality and lower costs for our customers.

### ICO Rally

Since 1950, ICO Rally has been an industry leader as a manufacturer and supplier of heat shrinkable materials, wiring accessories & insulation products.

### Marathon Special Products

Marathon Special Products is a manufacturing company engaged in the design and sale of terminal blocks and fuse holders, which provide interconnection and circuit protection of electrical systems. Marathon's primary market focus is major OEMs and electrical panel builders.

### Nexans

Nexans is a worldwide leader in the cable industry, offers an extensive range of cables and cabling systems. To meet the requirements of the military and aerospace industries, Nexans continually focuses on new materials, cable types, and configurations to improve overall system performance.

### Panduit

Panduit is a world-class developer and provider of leading-edge solutions that help customers optimize the physical infrastructure through simplification, agility, and operational efficiency. From bundling and harnessing, termination and abrasion protection to routing and identification, Panduit solutions are designed to insure robust installation with lowest installed cost and maximum long-term reliability.

### R&B Electronics

Founded in 1985, R&B Electronics is a manufacturer that specializes in electro-mechanical assemblies such as electric grounding assemblies, connector accessories, diode assemblies, resistor assemblies, grounding jumpers, flexible bus bars, and terminal links used in the aerospace industry for both commercial and industrial use.

### Sumitomo Electric

Sumitomo Electric is a global manufacturer of products that include heatsink products, fiber optic products, flexible printed circuits, electronic wire products, power cables and accessories, high temperature superconductors, fiber optic distributed temperature sensing systems, and air springs, among others.

### Thermax

Thermax is a worldwide leader in the production of high performance power cables and innovative connectivity technology. Whether applications require standard products or enhancements like faster transmission speeds, resistance to extreme temperatures, or any combination of desired attributes, Thermax can provide customers with a proven solution.

### Thomas and Betts

Thomas & Betts is a leading manufacturer of electrical, electronic, mechanical and utility products. Product offerings include cable ties and accessories, conduits and cable fittings, terminals, lugs, connectors, and heatshrink, among others.
